Hello Finn

I do not really sell anything: all my works are in the public domain as a philanthropic gesture to humanity. Besides I do not have a budget for hiring professionals to determine how to make my websites accessible to all. I just spend the money that I do have on the bare essentials of producing knowledge and leaving it in a manner that the readers across the world can gain access to.

So that just about sums up what I do and why I do so. I wish to leave what little time I have on this Earth to go along with the exploration of Reality as it comes to me.

Truth Accommodation: the ultimate course of harmony

in General Discussion

<https://www.theconservativelibertariansociety.com/forum/general-discussion/truth-accommodation-the-ultimate-course-of-harmony>

<https://the-conservative-libertarian-party-of-usa.odoo.com/blog/our-blog-1/truth-accommodation-14>

On the 21 of August 2021, after a 24 year struggle to seek the truth, I have written 7 Books in eBook and print format that are available on this site but also at Lulu publishing:
<https://www.lulu.com/spotlight/the-allurementofrealityofshantanupanigrahi>

We are a global community now; it used to be said that no man is an island. Today no nation is an island. All states are interrelated. There is no possibility for nationalism within any of the States, for we are all inter-dependent. America leads the world as it has done for nearly a

hundred years in its international relations, but its culture is far greater than that. It comes from the strengths of the Pilgrim fathers who settled in the country and stalwarts like Abraham Lincoln and countless others, the history is so interesting to have studied. Likewise Great Britain is a great nation with 2000 year modern history that tamed the environment to begin with in the industrial revolution that really does date back to those times as it has been a slow evolving process that I am fortunate enough to have come to the country to study and learn from its glorious past. We are lucky that Hitler did not prosper, and no crazy dictator has been allowed to dominate the world. We the strength of the Special Relationship between the United Kingdom and the United States of America is what has held the world together and prevented murderous terroristic creatures from gaining ascendancy in humanity. I say this because the British understood me as a Hindu, and I have never once really wished to go anywhere else to live. That is for cowards. My asylum applications to a dozen countries including India were tactical manoeuvres on my part to get the British Constitution and the laws evaluated in the international arena, thereby examining the international arena itself in the process. I have had a great academic education. I worked for the government of the United Kingdom for 16 years undertaking missions in natural resource development in Cameroon and Zimbabwe as well as in Eastern India and minor involvements in other places. I could never do anything to bite the hands that has fed me or even spit on the plate that gave me and my family its meals, in all kinds of ways. The dethronement of the Queen was itself a truth-seeking process designed to determine the Constitution of the United Kingdom for me. I as only interested in learning, I had one life and had to experience everything that I could. I undertook countless menial jobs to get by and never dwelt on the Distinction level passes that I acquired in the Agricultural and Environment fields. The Wye College of the University of London taught me great things in this field. How could I do anything to disrupt the status quo of the United Kingdom, or the United States of America either. This is all of course in reflection.

What I am writing this for is the whole idea of Truth Accommodation. I experimented with it with the Almighty God's blessings, my Creator God who I named Sri Krishna for good reasons. There is no higher personal goal than truth-accommodation, for I have survived to the age of 64 having been diagnosed in the past with persistent delusional disorder that I questioned and lately as being paranoid schizophrenic both of which were true medical diagnoses. I used tactics to survive so that I had time to learn before I died as to whether there is a better way of living, and today it proves to me that no there is no higher way of living than truth accommodation. It used to be a conscious act on my part when I was driven intellectually, but now that I operate from the highest levels of my mind that I define as the interface between the somatic mind and the Om Supermind, doing my work nonchalantly, spontaneously and unpremeditatedly with no ill feelings of hatred towards anyone, it comes naturally to me. I live in utter happiness in what we call 'ananda', fearlessly for that fear causes paranoia and one has to be prepared to take what the State has decided is the right fate for me. I bow to Her Majesty the Queen this morning and ask for forgiveness in having used vile swear words against those who I felt were blocking my path to the truth to block them out. Neither attack nor defend: be non-judgmental is still my guiding motto not for survival but for truth accommodational needs.

Hello Finn

I do not really sell anything: all my works are in the public domain as a philanthropic gesture to humanity. Besides I do not have a budget for hiring professionals to determine how to make my websites accessible to all. I just spend the money that I do have on the bare essentials of producing knowledge and leaving it in a manner that the readers across the world can gain access to.

So that just about sums up what I do and why I do so. I wish to leave what little time I have on this Earth to go along with the exploration of Reality as it comes to me.

Truth Accommodation: the ultimate course of harmony
in General Discussion

<https://www.theconservativelibertariansociety.com/forum/general-discussion/truth-accommodation-the-ultimate-course-of-harmony>

<https://the-conservative-libertarian-party-of-usa.odoo.com/blog/our-blog-1/truth-accommodation-14>

On the 21 of August 2021, after a 24 year struggle to seek the truth, I have written 7 Books in eBook and print format that are available on this site but also at Lulu publishing:

<https://www.lulu.com/spotlight/the-allurementofrealityofshantanupanigrahi>

We are a global community now; it used to be said that no man is an island. Today no nation is an island. All states are interrelated. There is no possibility for nationalism within any of the States, for we are all inter-dependent. America leads the world as it has done for nearly a hundred years in its international relations, but it's culture is far greater than that. It comes from the strengths of the Pilgrim fathers who settled in the country and stalwarts like Abraham Lincoln and countless others, the history is so interesting to have studied. Likewise Great Britain

is a great nation with 2000 year modern history that tamed the environment to begin with in the industrial revolution that really does date back to those times as it has been a slow evolving process that I am fortunate enough to have come to the country to study and learn from its glorious past. We are lucky that Hitler did not prosper, and no crazy dictator has been allowed to dominate the world. We the strength of the Special Relationship between the United Kingdom and the United States of America is what has held the world together and prevented murderous terroristic creatures from gaining ascendancy in humanity. I say this because the British understood me as a Hindu, and I have never once really wished to go anywhere else to live. That is for cowards. My asylum applications to a dozen countries including India were tactical manoeuvres on my part to get the British Constitution and the laws evaluated in the international arena, thereby examining the international arena itself in the process. I have had a great academic education. I worked for the government of the United Kingdom for 16 years undertaking missions in natural resource development in Cameroon and Zimbabwe as well as in Eastern India and minor involvements in other places. I could never do anything to bite the hands that has fed me or even spit on the plate that gave me and my family its meals, in all kinds of ways. The dethronement of the Queen was itself a truth-seeking process designed to determine the Constitution of the United Kingdom for me. I as only interested in learning, I had one life and had to experience everything that I could. I undertook countless menial jobs to get by and never dwelt on the Distinction level passes that I acquired in the Agricultural and Environment fields. The Wye College of the University of London taught me great things in this field. How could I do anything to disrupt the status quo of the United Kingdom, or the United States of America either. This is all of course in reflection.

What I am writing this for is the whole idea of Truth Accommodation. I experimented with it with the Almighty God's blessings, my Creator God who I named Sri Krishna for good reasons. There is no higher personal goal than truth-accommodation, for I have survived to the age of 64 having been diagnosed in the past with persistent delusional disorder that I questioned and lately as being paranoid schizophrenic both of which were true medical diagnoses. I used tactics to survive so that I had time to learn before I died as to whether there is a better way of living, and today it proves to me that no there is no higher way of living than truth accommodation. It used to be a conscious act on my part when I was driven intellectually, but now that I operate from the highest levels of my mind that I define as the interface between the somatic mind and the Om Supermind, doing my work nonchalantly, spontaneously and unpremeditatedly with no ill feelings of hatred towards anyone, it comes naturally to me. I live in utter happiness in what we call 'ananda', fearlessly for that fear causes paranoia and one has to be prepared to take what the State has decided is the right fate for me. I bow to Her Majesty the Queen this morning and ask for forgiveness in having used vile swear words against those who I felt were blocking my path to the truth to block them out. Neither attack nor defend: be non-judgmental is still my guiding motto not for survival but for truth accommodational needs.

MAKING IT UP AS ONE GOES ALONG

in Questions & Answers

MAKING IT UP AS ONE GOES ALONG

Words are just words that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have

been crystal clear on what I have thought about relating to my experiences of life over the past 24 years. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed those in the 13 Books that I have written in the Series under the theme, 'The Allurement of Reality'. But I hope that now such clarifications would be necessary or me be called upon to answer. I wish to let my books do the talking. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Mahasamadhi. I wish to make it clear at this point in time. For me Samadhi started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it is today. I had tried to consider numerous times during these years that I had had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not what there is to Realise. It had to be awaited with patience. And I formulated a plan of self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the past 15 months or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatana dharma, that is to say karma in sanatana dharma.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I am writing this account at 10.37 am on the 12 of October 2021.

Handling late rent payments legally starts with clear lease terms and consistent communication. Send reminders, offer payment plans if feasible, and document everything. If eviction becomes necessary, follow state laws and provide proper notices. Consulting a legal expert in property management in Lancaster can help navigate local regulations and ensure compliance while protecting your rights as a landlord.

Hi Shantanu,

Thanks for getting in touch.

Unfortunately, I am unable to assist you with this matter, as I am already a member of the Conservative Party, and as such, am personally opposed to such involvement with other parties.

However, I do wish you success in your endeavour — starting a political party is a strong commitment to one's convictions, and thus deserves a great deal of respect.

Despite being unable to help with the Electoral Commission, I would be pleased to provide you with web design/development services at highly competitive rates, should you require them as you grow your party. If this interests you, you can find out more about my services by visiting tsangarides.net, or by sending me an e-mail at angelos@tsangarides.net.

Best regards,

Angelos

Dear Blessing

From our albeit brief conversation on LinkedIn messaging system, it seemed clear to me that you are a Christian and describe yourself to be a humanitarian so religious (correct me if I am wrong in this inference); we would therefore welcome you to join our global Directory of Conservative Libertarians through which we conduct social and religious conversations and projects.

You already have the website url, and if you were interested in getting yourself listed in this Directory, you can opt for the \$20 monthly scheme, the \$10 monthly scheme or the free to join scheme of membership which you are able to upgrade if you so wish at a later date; here:

<https://knowledgefoundersunited.com/>

I look forward to hearing from you.

Yours sincerely

Dear Blessing

From our albeit brief conversation on Linkedin messaging system, it seemed clear to me that you are a Christian and describe yourself to be a humanitarian so religious (correct me if I am wrong in this inference); we would therefore welcome you to join our global Directory of Conservative Libertarians through which we conduct social and religious conversations and projects.

You already have the website url, and if you were interested in getting yourself listed in this Directory, you can opt for the \$20 monthly scheme, the \$10 monthly scheme or the free to join scheme of membership which you are able to upgrade if you so wish at a later date; here:

I look forward to hearing from you.

Dear Stripe

There are no outstanding issues of concern as far as I am aware because there are no legal or judicial proceedings at the Financial Ombudsman, at Kent Police, at the County Court of Central London, at Medway County Court or some other criminal court of the United Kingdom or elsewhere suggesting that matters under sustained dispute over the past 27 years have resolved themselves somehow on the accumulated litigant's attached Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police30Jan2025.pdf ,N1_1224 Dr Shantanu Panigrahi vs Kent Police-10.pdf; unless of course Stripe knows differently.

Hi Shantanu,

At Tide, we're always looking for ways to improve your experience and to give you the tools you need to run your business effectively. We're updating our terms and conditions to reflect some recent changes we've made, such as making more services accessible to our members.

Updates covered in this email:

- USD international payments

- Authorised push payment (APP) fraud regulations

- USD international payments

What's changing

You'll soon be able to make international payments in US dollars

As well as pounds sterling and euros, you'll soon be able to select US dollars as the currency for any of your international payments. To choose them, go to 'Send' on your home page, then 'Make an International Payment'. This will automatically calculate the conversion rate based on the very latest exchange rates*.

What this means for you

This new feature will gradually be made available to all members and we'll be in touch to let you know. Find out more about international payments.

Authorised push payment (APP) fraud regulations

What's changing

We've now included rules around the reimbursement of APP scams, which went live on 7 October 2024, into our Tide Terms of Use. We've done this to reflect the process which is already in place – we haven't introduced any changes to what we've already communicated to you.

What is APP fraud?

APP fraud is a type of fraud in which the victim is tricked into making payments from their account to the scammer's account.

The APP fraud regulations apply to fraudulent payments made on or after 7 October 2024 that have been sent by bank transfer from one UK bank account to another by Faster Payments (a quick way of sending money between bank accounts) or CHAPS (Clearing House Automated Payment System).

Who can make a reimbursement claim for APP fraud?

The regulations only apply to funds lost to APP fraud by either an individual, or a micro-enterprise with a turnover of less than – or an annual balance sheet total that doesn't exceed – €2 million a year, and with fewer than 10 employees.

You must report the fraud as soon as you can, and no more than 13 months after the last fraudulent payment was made

The maximum amount of money you can claim under the rules is £85,000 per claim or linked claims

You must not fail the Consumer Standard of Caution test (unless you are considered a vulnerable member at the time of the payment)

Payments where the consumer has control of both accounts at the time of payment are not in the scope of the APP fraud regulations

Your claim must not fall within any of the exclusions listed in our FAQ

Tide will apply a £100 excess deduction from the reimbursable amount

You can report a fraud reimbursement claim by calling 159 from the UK, or by tapping Support > Report Fraud in the Tide app

What this means for you

If you believe you are a possible victim of APP fraud, you may be entitled to a financial reimbursement for the money lost. You can find detailed information about the APPF regulations in our blog post, our FAQs and our updated terms and conditions.

To reflect all these changes, we've updated our Tide Terms of Use. You can read the revised Terms [here](#).

If you have a question that isn't covered by these resources, tap Support in your app to send us a message. We'll be happy to help.

Team Tide

*In addition to the standard transfer fees applicable to your plan, each USD ACH transaction is also subject to the interbank exchange rate on the day, and we apply a 0.50% FX markup. See details in the Tide Terms. You won't be charged anything for requesting the USD ACH details for your Tide Business Account.

Don't reply to this email – we don't monitor this inbox. If you need to get in touch with us, tap Support in the app to send us a message, or email hello@tide.co. We'll be happy to help.

Complainant privacy notice

This privacy notice summarises what to expect us to do with your personal information when you

contact us or bring a complaint to our service. A more detailed version of this privacy notice is available on our website.

About us

The Financial Ombudsman Service is a free and easy-to-use service that settles complaints between complainants and businesses that provide financial services. You can contact us here. We use your personal information to investigate and resolve individual complaints and prevent unfairness. We also analyse complaints data to make our services and processes more effective for you and others. More detail is set out in the 'Why we process your personal information' section.

The personal information we use

Personal information means information that is about an individual or can identify them in some way. The amount and type of personal information we process varies depending on the individual circumstances of the complaint and why we are processing personal information. Examples of the type of information we process are your name, date of birth, financial details, phone recordings and special category data, such as health information.

How we collect personal data

We have a range of channels that individuals can use to get in contact with us. Generally, we receive personal information from the individual directly, their representative or from the financial business the complaint is against. But sometimes, where it is necessary for resolving a complaint or fulfilling our legal functions, we may also gather information from other individuals or organisations, such as a loss adjuster hired by an insurance company, a medical expert or a credit reference agency.

Why we process personal information

We primarily collect and process personal information to investigate and resolve individual

complaints brought to our service and respond to enquiries and redirect individuals to the correct organisation if necessary. In addition to this we also process personal data in the following way:

- Prevent complaints and unfairness
- Improve the effectiveness of our service and processes
- Meeting your needs and making adjustments
- Work with the regulator and other bodies
- Dealing with contact you may make with us through social media
- Complying with a legal duty.

We have a legal obligation to publish final decisions made by our ombudsmen. These are published on our website. We remove the name of the person making the complaint as well as any other personal information that would be likely to identify them.

We conduct regular surveys to understand your views on the service we have provided to you. You can let your Investigator know at any time if you do not want us to contact you for our surveys.

Who we share personal information with?

We will not share your information with anyone for the purpose of direct marketing. We will not sell your data.

When an enquiry is brought to us, we need to contact the financial business and make them aware that an enquiry has been received and ask them what has happened so far. The personal details of

Financial Ombudsman Service – Complaint form 8

the complainant, any representative and details of the complaint are shared during this initial process. In order to investigate a complaint, we need to share information with both parties of the complaint to get both sides of the story. Sometimes, depending on the nature of the complaint, we may also need to share relevant information with other individuals or organisations, for example: another financial business, medical experts or credit reference agencies.

If you have a complaint about the standard of service we've provided to you, and we've not been able to resolve this, you can ask the Independent Assessor to investigate this complaint. We will pass on relevant details to the Independent Assessor so that they can investigate and respond to your service complaint.

Lawful bases for processing personal information

The law on data protection sets out a number of different reasons for which an organisation may collect and process your personal information.

Our lawful basis for processing personal information will usually be because it's necessary for our statutory function, a reason of substantial public interest or compliance with our legal obligations.

On those occasions where we are not relying on any of the above, we will ensure that a suitable alternative lawful basis is used, which is likely to be where the processing is in our legitimate interests.

Where your data is processed and stored

We store your personal information in the UK or the European Union (EU). Our technical support teams in India may process your information to provide technical advice and assistance.

Where we allow access to your information from countries outside the UK, we ensure that we comply with all our data protection obligations.

How we store personal information and for how long

We know that data security is important to us all. When we receive personal information, we take steps to ensure that it is stored securely, both physically and electronically, in accordance with the internal policies that we have in place for the effective and secure processing of your

personal information. We will keep your case file for 6 years after your case closes (or 3 years if we did not go on to fully investigate your case or if we transferred your case to another organisation). Paper documents sent by post are destroyed 6 months after the date they are scanned into our system.

More information is in Annex A here.

What are your rights over your personal information?

Under data protection law, you have rights we need to make you aware of. The rights available to you depend on our reason for processing your information. Details of each of these rights are set out in Annex B here.

What to do if you're unhappy with how we've handled your personal information

If you have any questions about this notice or are concerned about how we are processing your personal data, you can contact our Data Protection Officer at: data.protection@financial-ombudsman.org.uk. Details of how to raise a complaint are available here.

We hope we'll be able to resolve your concerns, but if you still remain unhappy with our response, you can contact the Information Commissioner's Office at casework@ico.org.uk or 01625 545 745.

Changes to this privacy notice

We may change this privacy policy. In that case, the 'last updated' date at the bottom of this page will also change. Any changes to this privacy policy will apply to you and your data immediately.

Thank you for contacting the Financial Ombudsman Service, we are a free service set up to resolve disputes with financial businesses, like banks or insurance companies.

We're helping a lot of customers at the moment, so I'm sorry we won't be able to reply straight away.

If you're contacting us about a new complaint

You can find out more about the things we can help with on our website – where you can also use our complaint checker tool to see if your complaint is one we can look at.

If we can help, we will get back to you within 7 days. Due to the volume of enquiries we receive, we are only able to reply to those customers we can help.

If you already have a complaint with us

We'll contact you once your complaint is with a case-handler.

However, if you're experiencing serious financial or health problems, or need to speak to someone urgently, please call us on 0800 023 4567.

If we are not able to help you

We can only look at complaints about financial businesses (like banks, insurance companies and finance firms). We can't help with other complaints – for example, about phone and utility companies, council tax or legal services. Please look at our website for more information about other organisations that may be able to help – but they are completely separate from the Financial Ombudsman Service

And just to remind you again, if we can help, we will get back to you within 7 days.

Dear Stripe

There are no outstanding issues of concern as far as I am aware because there are no legal or judicial proceedings at the Financial Ombudsman, at Kent Police, at the County Court of Central London, at Medway County Court or some other criminal court of the United Kingdom or elsewhere suggesting that matters under sustained dispute over the past 27 years have resolved themselves somehow on the accumulated litigant's attached Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police30Jan2025.pdf ,N1_1224 Dr Shantanu Panigrahi vs Kent Police-10.pdf; unless of course Stripe knows differently.

Dear Stripe

There are no outstanding issues of concern as far as I am aware because there are no legal or judicial proceedings at the Financial Ombudsman, at Kent Police, at the County Court of Central

London, at Medway County Court or some other criminal court of the United Kingdom or elsewhere suggesting that matters under sustained dispute over the past 27 years have resolved themselves somehow on the accumulated litigant's attached Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police30Jan2025.pdf ,N1_1224 Dr Shantanu Panigrahi vs Kent Police-10.pdf; unless of course Stripe knows differently.

Dear Barclays

Although I am OK with online Bank Statements from Joint Accounts my wife Rashmi Panigrahi requires postal confirmation of these records being very fiddly to be checked on line in these days of fraudulent transactions. If you have not already informed her that this decision from Barclays Bank is non-negotiable please contact her on rashmipanigrahi2000@yahoo.com.

In view of the complexity of examining the services that I have endured from the six Banks in the United Kingdom as being monitored by the Financial Ombudsman: see JOINT INVESTIGATIONS OF THE TERRORISM OF ANNOYANCE FROM SIX BANKS ON DR SHANTANU PANIGRAHI FOR THE FIANANCIAL OMBUDSMAN REPORT. pdf, and being a mental patient I would prefer it if I started the investigation with PayPal that I have spent some time examining already; and when we have arrived at a conclusion on PayPal, I would like to move on to Santander Bank for this Bank was with Barclays one of the first tormentors of myself since the £120 was siphoned out our Barclays Current Account fraudulently by the British Society of Animal Science in 1998 at the University of Greenwich, to which I reacted with the 'Dear Joyce' letter and it promptly got me sacked without my severance payment.

I will keep you informed once the PayPal investigation has reached a satisfactory conclusion because of the importance of the Business Account to the Conservative Libertarian Publications Limited.

Yours sincerely

I the logged into the Business Account of The Conservative Libertarian Publications Limited at PayPal and looked for the fraudulent transaction that I had seemingly reported to PAYPAL a couple of years ago, but this could not be traced. So I asked as follows in the website:

Deposited the following message inside PayPal Business Account

Question to PayPal:

I seem to remember that there was a disputed transaction two years ago when someone tried to take money out seemingly fraudently, but I cannot trace and record of it in this Business

Account and perhaps it is in my Personal Account. Does Pay Pal keep a record of all transactions in these two accounts that I need access to today?

Answer from PayPal:

PayPal does keep a record of all transactions in your Business and Personal Accounts. You can access these records for the past 7 years on the web. Here's how:

Go to Activity.

Click All Reports.

Select Activities and then Activity Report.

Select the transaction type, date range and file format.

Click Customize report fields and select the fields you want to include in your report.

Click Create Report. When the report is ready, click Download.

You can also download your monthly statements, or create custom statements for any date range within the past 3 years. The monthly statement will be available any time after the second of the month. To view and download monthly and custom statements, follow the same steps as above but click Statements – monthly and custom under Payments.

Please note that PayPal's Buyer Protection covers all eligible transactions. To avail of this, your PayPal account must be in good standing and you must open a dispute within the correct dispute-filing timeframe.

Read more here:

How do I view and download statements and reports?

Does PayPal cover my purchase if there's a problem?

Dispute filing timeframes

I have a problem with my PayPal transaction, but I can't find it on my PayPal account. What do I do?

How do I open a dispute with a seller?

Can I help with a specific transaction?

I requested a Report online from 2020 to 2025 in 6 monthly blocks: The following period was of some concern:

Shantanu Panigrahi (He/Him) 1:53 PM

Hello

I would not beat about the bush: I have a mission now, to attempt to bring truth, justice and democracy within the Constitution of the United Kingdom. Please consider:

(a) We are the Conservative Libertarians (UK):

<https://app.joinit.com/o/conservative-libertarians/>

We need 15 volunteering members to act as officials for the Party to enable us to complete our registration with the Electoral Commission.

If you are able and willing to assist us, we can waive the Membership Fee.

(b) With your developing knowledge and expertise you may also be interested in listing yourself this Directory for Conservative Libertarians: <https://knowledgefoundersunited.com/>

Best wishes

Shantanu

I don't believe in libertarianism, it goes against everything I stand for. So, no.

Having said that, I am flabbergasted that you do not know the difference between a Conservative Libertarian and Libertarian or that other meaningless term Libertarian Conservatism.

Hahah my guy.

A bit like saying "you don't like chocolate ice cream? Clearly you don't understand the terms chocolate and ice cream or that other meaningless term ice cream that is flavoured by chocolate"
